

CREATING AN ALBUM SLEVE

Create a professional looking vinyl record sleeve. You must use the provided artist and album name to create a front and back record sleeve. Make sure to include all the information key below.

SUBMIT YOUR DESIGN AS A PDF TO THE PROVIDED SUBMISSION LINK.

Key elements to include:

1. Decide on a **genre** for the artist to help inform your design decisions.
2. Create an **original track list of 10 songs** that will appear on the back of the cover. The songs should reflect the genre chosen, the over theme of the album you've consider, along with the provided title.
3. Create an **original name and logo** for the record company.

The design must only include self-created vector graphics and no more than a single self-capture photo that does not take up the majority of the back or front - no AI-generated content is permitted.

Record Name:

Into the Wild

Artist Name:
